

## About

**Name:** Apostolos Kazopidis  
**Born:** 15/09/2001, Larissa, Greece  
**Email:** [apostoloskazopidis@gmail.com](mailto:apostoloskazopidis@gmail.com)

**LinkedIn:** Apostolos Kazopidis  
**GitHub:** Apostolos Kazopidis  
**Phone Number:** 6981047800

## Education

### Bachelor's Degree

2019 - 2023

✓ Digital Systems, School of Technology, University of Thessaly

**Thesis:** Development of e-commerce Android application

## Work Experience

### Internship

01/07/2022 – 31/08/2022      Software Engineer      AlphaSOFT Theodossiou & Associates, Volos

Activities:

- ☞ Researched SOLID principles, Architectural Patterns (MVC, MVVM), Design Patterns, and Software Methodologies, while also creating comprehensive documentation for each of them.
- ☞ Completed a comprehensive 7-hour C# course to become proficient in the language.
- ☞ Gained expertise in .NET technologies, including .NET Core, .NET Framework, .NET Standard, and Xamarin.
- ☞ Independently developed and completed multiple small-scale projects using .NET technologies.
- ☞ Utilized tools such as Microsoft SQL Server Management Studio and Atlantis ERP for data management and enterprise software systems.

### Volunteering

01/08/2021 – 31/09/2021      Intern      Municipality of Larissa

Activities:

- ☞ Research on sensor types that can be installed in the vehicles of the fleet of the Municipality of Larissa based on the vehicle's type, age etc.
- ☞ Research on methodologies of acquiring sensor data through telemetry systems.
- ☞ Market research on possible solutions.

## Foreign Languages

- ☞ **English:**
  - C2 Level**  
Michigan State University MSU-CELP (Proficiency) C2 – Pass
  - B2 Level**  
University of Cambridge FCE (Lower) B2 - Pass

### Technical Knowledge

- Java / C# / C / Python
- Data Structures / Algorithms
- Jakarta EE / Java SE / Spring MVC / .NET
- HTML / CSS / JavaScript / PHP
- MySQL / SQL / Firebase
- IntelliJ IDEA / Eclipse / PyCharm / Visual Studio Code / Visual Studio / Android Studio / SPSS
- MySQL Workbench / Microsoft SQL Server Management Studio / XAMPP
- Architectural Patterns (MVC, MVVM) / Software Methodologies (Scrum) / Design Patterns
- Maven / JUnit / Mockito / JMeter
- XML / JSON
- Git
- API
- Heroku
- Atlantis ERP
- Microsoft Office

### Seminars / Online Courses

- “Java / Java SE / JDBC MySQL / Maven / Jakarta EE / Spring MVC”, Dimitris Psounis (2022)
- “HTML / CSS / JavaScript”, Dimitris Psounis (2021)
- “DevOps Smart City IT Officer Specialisation Course”, EU x University of Thessaly (2021)
- “DevOps Competences for Smart Cities MOOC”, EU x University of Thessaly (2021)
- “Quantum Computing & Programming”, EU x University of Thessaly (2021)
- “SQL”, Dimitris Psounis (2021)
- “ECDL”, ECDL Greece (2016)

### Noteworthy Projects

- CardShop, E-commerce Android application, Thesis
- WebVillas – Website, Internet Technologies and Applications
- 2d-platformGame, - Game Development

### Interests

- Fitness
- Programming
